

Compact Gun 9.5

Manual

Rotary Table

Manual wet blasting equipment

# MSB-3

Processing chamber with rotary table

Compact Gun

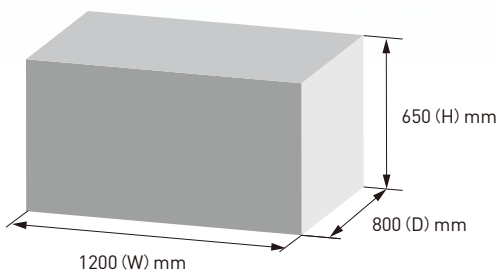

MSB-3 is a manual, general purpose wet blasting machine.

The large opening and rotary table can handle large workpieces.

Fine adjustment is possible because processing is performed by holding the nozzle with one's hand.

## Applicable Workpieces

When using the rotary table: 650 x 650 x 650 mm

## Features

- Large processing chamber for large workpieces.
- Possible to do processing from all directions with the rotary table and hand-held gun.
- Standard interior lighting and window wiper allow for comfortable processing.

Manual equipment for large workpieces.

Manual wet blasting equipment

# MSB-3

## Main features

Dimensions	1500 (W) × 1574 (D) × 1870 (H) mm	Power supply	AC200V, 50/60Hz, 3 phases
Blast Gun	Compact Gun 9.5	Power consumption	Approx. 1.6kW (Total rated apparent power of all the cell)
Table	Rotary Table	Power Capacity	Approx. 5.2kVA
Loading weight	max: 50 kg	Air supply pressure	0.5MPa-0.7MPa
		Air consumption	max 0.7m <sup>3</sup> /min (NTP, at 0.4MPa of preset blast air pressure)

## Outline dimensional drawing
